

## 2021-2022 Chamber Officers

The time has come to appoint a new Chamber Board, and this year we not only see some officers moving up, but we have three new faces!

Chairman of the Board – Alton Wadford (Pitt Community College) has been President or Vice President for the Chamber for many years. This experience and his desire to continue serving the members of his community through the Chamber is what led us to asking him to serve as the Chairman of the Board, where his role will be to help guide the President and Vice President in their positions, as well as assisting the directors.

President – Glenda White (First Bank) served as our Treasurer for a few years now, and has always shown initiative and a desire to do more. While we loved her in her previous role, we know she will shine in her new one!

Vice President – Mandi Shelp (First Citizens Bank) is new to our Chamber Board, and is looking forward to doing more to help the community grow. With two children growing up in this community, it's important to her to seek more ways to help. We are excited to have her with us.

Treasurer – Debbie Davis (Down South Account & Tax) is new to volunteering with our Chamber, but her business has been a member for a few years now. The Treasurer's job is very important, and we are sure Debbie's experience as an accountant will serve us well!

Board Member – Saul Horowitz (State Farm) is well

Alton Wadford, Glenda White, Deborah Davis, Mandi Shelp, Amy Amacker-Self, Saul Horowitz

known to our community as someone who volunteers! He got involved with the Chamber through his insurance business and wants to continue serving us as a board member. He enjoys assisting his community in any way he can.

Board member – Amy Amacker-Self (Local Oak Brewing Co. is new to our Chamber Board, and is looking to better help her fellow business owners in the community. She has been in Winterville 6 years, and her business is approaching 2 years. We are looking forward to her fresh ideas!
